Performance Monitoring  
MTBF Monitoring

### Real Time Videos

Service Monitoring

Maintenance Monitoring  
Installation Monitoring

#### *Advantages*

1. Real time Installation Follow-up
2. Needed spare parts Identified
3. Instrument Issue identified
4. Post Installation check

Training  
Online

#### *Advantages*

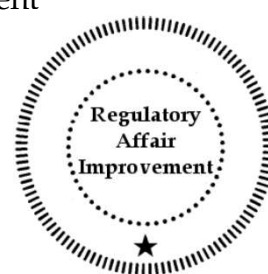

1. Reduce Instrument Downtime
2. Bigger MTBF
3. Prevention of Failure
4. Maintenance Efficiency

## Efficiency Increased

1. Better Installation
2. Better management of spare parts
3. Instrument Issue identified
4. Remote Troubleshooting
5. Better QA and Regulatory inquiry
6. Remote training
7. Engineer training improvement
8. Procedure improvement

## Cost Reduction

1. Reduce Travelling
2. Remote Service
3. Better MTBF
4. Accurate management of spare parts
5. Maintenance Efficiency
6. QA and Regulatory Efficiency
